## CAE Crew Training App

Download before your first day for your schedule and pre-study material. App Store, for iPad and iPhone — or sign in at [crewtraining.cae.com](http://crewtraining.cae.com) from any browser.

## PC-12 Calculator

Official Pilatus weight, balance and performance tool — takeoff, climb, cruise, landing and crosswind. App Store; [View on the App Store](#). Pilatus states it is for plausibility checks only — the AFM governs.

## PC-12 eQRH

Official Pilatus electronic Quick Reference Handbook — emergency and abnormal procedures drawn from the approved AFM. App Store; [View on the App Store](#). A pilot assistance tool; the approved QRH/AFM remains the authority.

**PC-12 | 2 Day NG Recurrent  
(One Pilot)**

**Training Time Allocation**

| Component                                  | Per Day | Course Total |
|--------------------------------------------|---------|--------------|
| Ground School                              | 3.0     | 6.0          |
| Simulator Brief and Debrief                | 1.0     | 2.0          |
| Simulator Training                         | 3.0     | 6.0          |
| Total Hours of Training after 2 Days: 14.0 |         |              |
